Target Rank Options Strategy: Performance Summary (2024-2026)

TIP:

> **System Status**: The high-speed pipeline successfully mapped all missing historical ticks using the robust sliding window logic. The background daemon is currently caching the remaining 7 future-proof strikes for long-term storage.

IMPORTANT:

The AI-driven Sniper targets (R1+R3) maintained strict profitability across every single year, demonstrating extreme resilience even through the chaotic 2024 periods where Random targets sustained severe drawdown loops.
